

“Discovering your Jewish Ancestors”

Come to a two-part program on Jewish Genealogy on **Wednesdays, Jan 13 and Jan 27th at 7:30 pm**, sponsored by Adult Ed.

Learn:

- * why bother doing genealogy
- * the joys of discovering your relatives
- * the difference between the myths and reality about researching
 - * how to get started doing genealogy
 - * places to look for old documents
 - * how to create a family tree
- and much more.....

Carol Clingan, Vice President of the Jewish Genealogy Society of Greater Boston and Judy Izenberg, Past Co-President of the Society will share some of the successes they've had and how they found persistence paid off. They will also get you started in your own search. You can bring your own laptop to explore some great web sites.

A little preview: One false myth is that names were changed by the authorities at Ellis Island. Another myth is that all the records of your ancestor's shtetl are gone. Come and find out the truth behind these and other myths and begin your family tree.

Please email Jerry Glass at jerglass@earthlink.net to express your interest in attending so we can have an idea of the size of the crowd.
